- Regulatory/professional body: (1) _____
 - Registration number: (2) _____
-

Q4 Please upload a short, 2 page, copy of your CV.

Q9 Please describe your research career to date

Please use this question to describe your research experience and career to date, and how this makes you suitable for the NIHR career development scheme you would use the Pre-Application Support Fund to apply to.

Word Limit: 500

Q10 Please use this section of the application form to provide a clear justification as to why you are applying for the Pre-Application Support Fund award. To be eligible for this award, you will need to clearly outline the reasons as to why you require additional support. Please note, this section is for contextual factors only. There are further sections within the application form for a project proposal for your intended NIHR Career Development Scheme and the proposed activities for the Pre-Application Support Fund. Word limit 500

Q12 Please detail how your proposed project aligns with the ARC Wessex Ageing & Dementia theme, Healthy Communities theme including Social Care, Long Term Conditions theme, Workforce & Health Systems theme and/or the Mental Health Hub)? (300 words)

Q13 Please use this section to provide an overview of your planned application for NIHR career development funding. This should be tailored to the career development scheme you intend to apply to and cover:

- The area of research that you are interested in developing your knowledge in.
- An outline of the research proposal (if appropriate).
- The training and development plan and how this will support your career development.

Word limit 800

Q11 Please outline how the requested additional support will enable you to submit an application for NIHR career development funding.

Please use this section to outline the following points:

- Why additional support is required to submit an application for NIHR career development funding.
- What activities, other than those in your training plan, e.g. building new collaborations, PPIE activities etc.) you plan to undertake during the Pre-Application Support Fund award related to submitting a further application for NIHR career development funding
- How the support requested will enable you to submit a competitive application for an NIHR career development scheme.
- Why now is the right time to prepare an application for the selected scheme.
- Why other NIHR funding opportunities available are not able to support this.

Word limit 800

Q12 Please enter the details of up to 4 individuals who will have oversight and give direction to your proposed application.

Word limit 200

Q13 Please upload a letter of support from your proposed research supervisors (on headed paper)

If you are unsure how to approach this please contact us via arcwessex@soton.ac.uk for further advice.

Q14 Please upload a Gantt chart detailing a timeline for how you or your team will undertake the project, including information about backfill days. **(please limit this plan to one A4 page)**

Q16 Please upload a letter of support from your Line Manager or host organization (on headed paper)

Q17 Please provide a spending breakdown for the award, signed by a member of your organisation's finance team and include a contact email for them or their department. List all cost types, i.e., salary backfill, training, project costs, supervision and any Public and Patient Involvement costs. Include a description of the cost and the amount. Please include the total award spend.

Q18 Please outline any collaborations or support arrangements you will have in place, or intend to establish, to prepare an application for NIHR career development funding. This can include (but are not limited to) mentorship, supervisory arrangements, collaborations or relevant networks.

Details of collaborations or support arrangements can extend beyond research support participants included in the application.'

Word limit 500

Q19 Is there anything else you would like to add to support your application? **(max 100 words)**
